

## Old Photographic Style in Fireworks

---

Turn a new color photo into a sepia toned classic picture!

This assignment teaches you how to give an old photographic style to an image.

### Step 1

Paste an image on your canvas.

### Step 2

With the image selected click on **Filters>Noise>Add Noise**. Set the Noise Amount to 15, tick the **Color** checkbox.

### Step 3

Click on **Commands>Creative>Convert to Sepia Tone**.
